

Hello,

A member of the care team at Cedars Court has sent you this email to invite you to enrol your friend or relative in ReMe, a reminiscence and communication tool being used there.

The whole process takes 5 minutes and includes no sensitive information, like address or date of birth. Please click [here](#) to accept the invitation and get them started.

Once you enrol your friend or relative, you will automatically receive your own login details to the ReMe system allowing you to take part and see the care they receive. You will also have the right to invite new care organisations to share the information on your loved one or remove this access from any formal care organisation.

You can visit the RemindMeCare website [here](#) to read in more detail about how the system works. Or click [here](#) to view help videos.

If you have any concerns about the source of this email, you should call **Cedars Court** on **0208 977 2407**.

Best wishes

RemindMeCare Team
